Yokohama Barge Service contributes to the realization of a carbon-neutral society by transporting containers that bridge over Tokyo Bay areas via green ships to reduce greenhouse gas. Safe operation has been maintained since the commencement of the service in April 2006.

Yokohama Barge Service Cooperative Society and the members are conducting business everyday with the themes of; "Green community and clean air for future children!!" "Let's start with what we can do now!!!"

**Yokohama Barge Service Cooperative Society (Yokohama Barge Service)**
